Prep 1:1 Tablet Program starting in Term 3

Thanks to the overwhelmingly positive response of the Prep families, Eastwood Primary School is very pleased to announce that we will be commencing a 1:1 tablet program in Prep in Semester Two, 2013. The program will begin in Term Three and is opt-in. Families are welcome to purchase a device independently, use an existing device or lease a device from the school. Families do have the option of not joining the program. A limited number of school owned devices will continue to be made available for student use.

Families considering taking part in a leasing program will be invited to attend an information session in the coming weeks. Further details will be announced shortly. Please note that in order for us to proceed with a lease program we will need to reach a minimum number of participants.

We recommend that Apple devices be at least an iPad 2 model or later to provide maximum lifespan over the course of your child’s education. Android devices are welcome, however we cannot guarantee connection to the school network at this stage. If you are interested in making use of an Android device please contact, Meg Moore, Amanda Callahan or Joel Parsons to seek clarification.

This is a very exciting time for Eastwood Primary School and we would like to take the opportunity to thank all families for their interest and feedback. We are very much looking forward to assisting your children put these wonderfully flexible learning tools to use in the classroom.
